Sensors   **Switches**   **Controls**

Application notes

Application Note : June 2021	
Market involved : -	
Product : DPD02, DPD Manager Apps	
Customer : OEMs	
Subject : Remote configuration	

CUSTOMER ISSUE :

The user needs to reconfigure a DPD installed in a remote location.

The user does not know which configuration is applied on the DPD and which configuration shall be applied.

OUR SOLUTION :

With the DPD Manager, the user can read and save the configuration applied to the DPD and send the configuration file by mail to the customer service for support.

BENEFITS :

- The customer service can view, test and modify the received configuration

- The updated configuration can be shared by mail to be applied to the DPD
