Controls

Application notes

Application Note : February 2022

Market involved : -

Product : Product Solution Search App monitoring relays /timers

Customer : OEMs

Subject : A direct link via the "Ask to be contacted"

CUSTOMER ISSUE :

The user has found the product and now wants to interact with the distributor to know more.

OUR SOLUTION :

Users can click on the "Ask to be contacted" button.

In this way, a support request is sent to the distributor.

BENEFITS :

- The distributor receives a warm request and can start discussing with the potential customer. The customer has a direct and quick link to the supplier to find the most suitable solution for their issue.
